Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

LI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from a disease which affected my heart. In the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle free. Book on diseases of the heart and nervous free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

ABOUT TWENTY THOUSAND

Spanish Reinforcements
Received at Santiago.

General Shafter Reports Progress of the Invasion to the War Department, but Does not Indicate When a Battle Will Occur—General Merritt Sails From San Francisco for the Philippines—Number of Troops Under Orders at Chickamauga Increased From Fifteen to Twenty-Seven Regiments—Bill to Tender Thanks of Congress to Hobson—Spain Has Not Purchased the O'Higgins.

Juangua, June 27, via Kingston, Jamaica, June 29.—The American front has been advanced beyond the first crossing of the Rio Guama about a mile, and lies three and a half miles from the Spanish entrenchments.

General Lawton's brigade rests on the road to Santiago de Cuba. The Third Brigade, under General Chaffee—the Seventeenth, Twelfth and Seventh regiments—holds the trench, with his command lying across the road and river.

The First brigade—the Eighth, Twenty-second and Second Massachusetts—under General Evan Clarke, lies on the left flank, slightly in the rear, and the Second brigade—the First, Fourth and Twenty-fifth—occupies the opposite position on the right flank.

General Wheeler, with the cavalry, is in the rear, between the Sevilla hills and the Rio Guama. A strong line of outposts is maintained ahead.

General Lawton, General Chaffee and General Wheeler have thoroughly reconnoitered the Spanish position and, with the aid of information furnished by the Cubans, have very good maps of the roads and defenses of the city.

Much information has also been obtained from Spanish pacificos, who have slipped out of the city and given themselves up in the hope of getting food. They report great starvation and distress in Santiago. They say the Spanish troops are on short rations and that all the supplies are being held for their use.

The sick in the hospitals, the pacificos say, are suffering from lack of food, and they also report that 77 Spaniards were killed and that 89 were wounded as the result of the engagement on Friday last with Colonels Wood's and Young's commands.

The most startling information obtained from the pacificos is that since

No man has a right to marry a woman and make her his nurse during long years of continued ill health. A sick man cannot be a good husband, a successful business man or a useful citizen; a man had better be dead and done with it than to be a life-long invalid, a nuisance to everybody and especially to the woman whom he has vowed to love, honor and protect.

The trouble with the average man is that he has not the least conception of the causes of ill-health or the right way to go about remedying them. A little indigestion or biliousness in themselves are not serious complaints, but if neglected they may develop into almost any disease in the medical books. Dr. Pierce's Golden Medical Discovery cures many serious diseases by promptly removing the causes. It braces up the weak and impaired stomach and restores the appetite. It invigorates the liver and all the secretory glands. It facilitates the flow of digestive juices. It makes the assimilation of the life-giving elements of the food absolutely perfect, and thus enriches the blood. Disease germs are scavengers, but will not enter healthy blood or tissue. They must have the inert tissues of disease upon which to feed. The "Golden Medical Discovery," by enriching the blood, tears down old and inert tissues and builds up new and healthy ones. It wards off consumption and bronchial and throat affections which, if neglected, lead up to consumption. All medicine dealers sell the "Discovery."

"Eight years ago my husband coughed all the time," writes Mrs. M. J. Triller, of Ellington, Reynolds Co., Mo. "Just as soon as he had finished a glass he would throw up. He was getting weaker and weaker. He took half a dozen bottles of Dr. Pierce's Golden Medical Discovery and the 'Pleasant Pellets,' and says he feels better and stronger than ever before and weighs more. Everyone said he had consumption."

the advance began almost 20,000 Spanish soldiers have arrived at Santiago de Cuba. This statement is made on the authority of General Lawton and he is also of the opinion that General Pando may be able to effect a junction with General Linares at Santiago de Cuba.

There are two forts of considerable importance within the Spanish lines, Punta Blanco at the southern end of the bay and Santa Ursula at the southeast corner.

On the road to Caney on the north is another fort. There are about 450 men in each of these fortifications and stretching around the whole city are nine barbed wire fences, 50 yards apart, while just inside these are lines of rifle pits.

General Wheeler, who made a reconnaissance for half a mile beyond the skirmish lines yesterday morning, finding that he was unable to secure the desired view through the luxuriant tropical foliage, dismounted and climbed a tree. A major general of the United States army in the forks of a tree surveying the Spanish outposts through his field glasses was a spectacle that gave some idea of the wonderful energy of the dashing ex-confederate cavalry leader.

This feat of agility in a man 62 years of age put to blush many a younger officer of his own staff.

In a Slovenly Condition.
London, June 29.—A dispatch to the Daily Chronicle from Port Said says: Admiral Camara's squadron is in a most slovenly condition. The bottoms of most of his ships are foul and the repairing of the machinery of the torpedo-boat destroyer Audaz would take at least a week.

NEWS FROM SHAFER.
He Reports Progress of the Invasion to the War Department.

Washington, June 29.—The first dispatch within two days came to the war department from General Shafter, last night, but the news was regarded as so good that there was no disposition to complain. It disclosed very satisfactory progress on the part of General Shafter towards the town of Santiago. Apparently he has gained all this ground, and has come within three miles of Santiago without suffering any losses since the bloody skirmish of Friday last. Altogether the performance is regarded as gratifying by department officials here.

The American army is now at the fork in the road, one branch of which leads to Santiago and the other to Morro Castle at the entrance to the harbor. General Shafter is thus free to move in either direction according to the demands of the campaign. With the 1,300 men who reinforced him on the Yale, and the additional brigade that will reach him by today, it may be possible to make even more rapid progress in the advance upon Santiago as these men can be relied upon to relieve the main body of troops from the necessity of keeping open the line of communications between Shafter and his base at Baiquiri.

Meanwhile further reinforcements are being prepared and despatched as rapidly as the best energies of the department can direct, and it is believed that several thousand men sailed from Tampa yesterday directly for Santiago.

The department has had in mind the difficulties of the campaign that are just developing to the public eye, such as the use for the first time in civilized warfare of barbed wire fencing as a means of defense, and acting upon the advice of some of our army officers, who were in Cuba while the fighting was confined to the Spaniards and the insurgents, a certain number of men in each regiment have been provided with wire cutters and charged with the duty of cutting down these fences, so as to permit the advance of the troops. It probably will be necessary to shell out the force defending these wire chevaux de frise before they can be cut, unless the men in charge of that duty are to be unduly exposed to danger. This will involve a larger use of field artillery than would be required in ordinary warfare. The officials here have been forehanded as to these details, and, in fact, have provided for the use of barbed wire by our own forces, having sent about 150 tons of this wire with General Shafter's expedition.

The lines are being tightened around Cuba and it will soon be impossible for even small quantities of food or war supplies to reach the Spaniards there. The proclamation issued yesterday extending the blockade to the south coast and to San Juan, it is believed will accomplish this result. On the south coast the Isle of Pines will be cut off as a transfer depot for cattle and food supplies coming from Jamaica and Central America. By closing San Juan harbor the Spaniards will lose the last chance of smuggling war supplies to Cuba and the future operations of the army and navy looking to the occupation of the island of Porto Rico will be materially advanced by the establishment of a successful blockade.

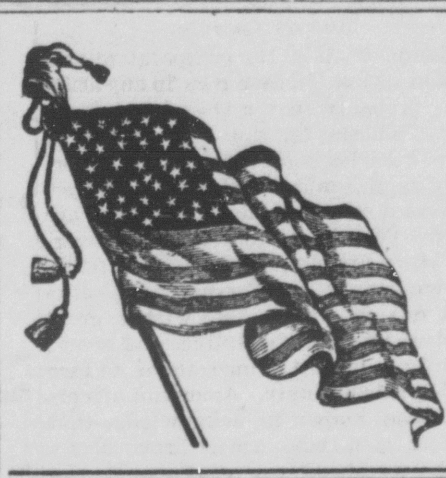

There was no further word from the Cadiz fleet yesterday that is still known to be lying at Port Said under pretext of repairing one of the torpedo-boat destroyers. The delay on the part of the Spanish fleet has not stopped the preparations for the sending of the eastern squadron under Commodore Watson to the Spanish shores.

The commodore is hastening, with all speed southward on the Newark to join and confer with Sampson off Santiago.

GENERAL MERRITT.

Governor of the Philippines Sails On the Newport.

San Francisco, June 29.—Major General Merritt abandoned his headquarters at the Phelan building, and yesterday formally turned over the office

to Major General Otis. General Merritt notified his staff officers that they must have all their baggage aboard the steamer Newport last night, and clerks and messengers attached to the various officers of the department were ordered to be aboard the steamer last night.

General Merritt went on board the Newport this morning, and soon after the vessel was steaming out to sea.

It was intimated at headquarters that General Merritt's plan is not to wait for transports, which can only average 10 knots an hour, but to hurry into Honolulu, get on coal and proceed on to Manila as soon as possible.

With the advantage of a faster boat he will probably reach Manila a week in advance of the third expedition. The Newport can easily make 18 knots an hour.

Six Gatling guns mounted on carriages have been fixed on the upper deck of the Newport and the guns of the Astor battery and the Third U. S. artillery are close at hand.

The Astor battery and the Third regiment marched on board yesterday. They were accorded an enthusiastic ovation as they marched through the city's streets on the way to the water front.

Should Not Be Allowed to Coal.
London, June 29.—The Daily Chronicle protests in the strongest manner against permitting Admiral Camara to coal at Port Said for any purpose but to return to Barcelona. It says: "It is impossible to do otherwise after refusing to allow Admiral Dewey to coal at Hong Kong."

The O'Higgins.
Washington, June 29.—The O'Higgins has not been sold to Spain and positive information has reached here that Chili will not sell the ship to any government.

STAMP TAX.

Collectors May Give Relief in Certain Cases.

Washington, June 29.—In response to numerous inquiries from collectors of internal revenue as to their duties in case of the non-arrival by July 1 of a supply of stamps, the commissioner has issued a general circular calling attention to the provision in the law contained in section 13 of the act, which seems to meet the situation. The language "where no collection district is established" is construed to be the same as if it read "where no stamp agency was established," and when for that reason it was impossible to procure the stamps, and where the failure to affix them was not due to any willful design to defraud the United States, the taxpayer may be relieved by the collector from payment of the penalty.

It is not insisted that business shall stop, but that legitimate business shall be transacted and the stamps required on goods or instruments of writing disposed of under such circumstances may be affixed by any one holding or interested in the goods. In cases of consumption, the retail dealer is required to make a sworn return of the facts to the collector who shall assess and collect the tax due. Taxpayers, however, are admonished that this urgency regulation does not in any way excuse them from the duties imposed upon them by the statute with reference to procuring stamps for all instruments and things required to be stamped under schedules A and B of the new act, and neglect to perform any of the requirements thereof, except for unavoidable reasons will subject the taxpayer to the penalties provided therein, and they will be strictly enforced.

Rebel Crafts Navigating Manila Bay.

Madrid, June 29.—The government has received the following despatch from Captain General Augusti, dated from Manila on June 28: "The situation is still very grave. I continue to maintain my position inside the line of blockhouses, but the enemy is increasing in numbers, as the rebels occupy the provinces which are surrendering. Torrential rains are inundating the intrenchments, rendering the work of defence difficult. The number of sick among the troops is increasing and makes the situation very distressing, causing increased desertion of the native soldiers."

"It is estimated that the insurgents number 30,000 armed with rifles and 100,000 armed with swords etc. Aguinado has summoned me to surrender, but I have treated his proposals with disdain, for I am resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity. I have over 1,000 sick and 200 wounded. The citadel has been invaded by the suburban inhabitants who have abandoned their homes owing to the barbarity of the rebels. These inhabitants constitute an embarrassment, aggravating the situation in view of the bombardment, which, however, is not seriously apprehended for the moment."

"The governor of the Visayas and Mindanao islands cables that he has defeated the insurgents in an engagement during which Chief Arco, Aguinado's representative, was killed. He adds that tranquility now prevails throughout these islands, and he further asserts that the principal Malay chiefs of the Mindanao group declare they desire to fight on the side of the Spaniards against the invaders."

According to other advices the emissaries sent out to seek General Monet's column of 1,000 men returned after a fruitless search.

Captain General Augusti's family is still in the hands of the insurgents.

General Pena, with 1,000 soldiers, has surrendered. His soldiers, most of whom are natives, joined the insurgents. A majority of the detachments in the island of Luzon have surrendered owing to their lack of food, though some succeeded in escaping. Numerous Spaniards, including the governors of Batanga, Laguna and Balacan, have taken refuge at Cavite.

The rebels, who are beseiging Manila, exceed 25,000 men. The city is completely isolated and the arrival of the Spanish squadron is anxiously awaited, for the position at Manila is untenable. Small rebel crafts navigate the bay, conveying prisoners to Cavite.

LOCAL OPTION LAW.

To Be Enforced by Vigilants at Somerset, Ky.

Somerset, Ky., June 29.—Somerset and Pulaski county have had local option law for nearly one year, during which time the whisky men have been able to run blind tricks and sell whisky unlawfully. The recent killing of Jailer A. J. Catron at a blind trick in Somerset has aroused the citizens of this city, and an indignation meeting has been held and a committee was selected, designated as the vigilance committee, the purpose of which is to close up the blind tricks of this county and to rebuke the lawless element, which has had too much latitude here for some time.

Western Writers' Convention.
Warsaw, Ind., June 29.—The 13th annual convention of Western Writers is in session here. The attendance is small, but the programme is as good as that of former conventions. At yesterday's session Miss Minetta Taylor of Greencastle, read two original poems, one written in the Spanish language. Miss Julia Caroline Onara read a paper on "The Evolution of the Modern French Novel," and Miss Caroline Parke recited a poem.

Professor Baur Dead.
Munich, Bavaria, June 29.—George Baur, formerly professor of osteology at Chicago University, is dead.

CAMP THOMAS.

Number of Regiments Under Orders Increased From Fifteen to Twenty-Seven.

Chickamauga National Military Park, Ga., June 29.—The order issued to immediately equip and prepare 15 regiments of the First corps to form an expeditionary force was revoked by Major General Brooke yesterday. This does not change the plan to prepare for an expedition, however, since the revoking order provides that instead of 15 regiments the entire First corps of 27 regiments is to be hastily prepared for active field service and the natural inference prevails among the best posted army officers at the park that the entire force will be off for Tampa or other seaports within a week or 10 days or as rapidly as the transports can be provided.

The regiments included are: Ninth Pennsylvania, Second Missouri, First New Hampshire, Twelfth New York, Twenty-first Kansas, Eighth Massachusetts, First South Carolina, Twelfth Minnesota, Fifth Pennsylvania, Fourteenth Minnesota, First Pennsylvania, Second Ohio, Sixth Ohio, One Hundred and Fifty-eighth Indiana, First West Virginia, One Hundred and Sixtieth Indiana, First Georgia, Thirty-first Michigan, Sixteenth Pennsylvania, Second Wisconsin, Third Kentucky, Fourth Pennsylvania, Third Illinois, Fourth Ohio, First Kentucky, Third Wisconsin and Fifth Illinois.

Major General Brooke was appointed by the president to command the corps. Major General Wade will be left in command at Camp Thomas.

The work of equipping the corps is proceeding with all possible speed and the quartermasters and the ordnance departments are being taxed to their utmost capacity. The First Kentucky, One Hundred and Sixtieth Indiana, First and Second Arkansas regiments have received their full number of guns. It is more than likely that the regiments under orders will be paid before leaving here. Privates will be paid at the rate of \$15.00 per month and officers from \$18 to \$291.67 per month. Major Becker, paymaster, roughly estimates the amount at \$2,000,000.

HEARS FROM SHAFER.

Nothing in His Dispatch to Indicate When Santiago Will Be Attacked.

Washington, June 29.—Adjutant General Corbin last night received from Major General Shafter of the Cuban army of invasion a cablegram containing the official list of the Americans killed in the battle of La Quasina. The list in no material respect differs from that given in the press dispatches the day after the fight. General Shafter's dispatch says the number of troops engaged was 964.

There was a pathetic coincidence in connection with the receipt of General Shafter's message. Within a few minutes after it came a telegram was received from Ernest Krupp, of New York City, which read: "Please inform us if Otto Krupp was killed at La Quasina, Cuba." His was the first name in General Shafter's list.

General Shafter's dispatch, so far as could be ascertained, did disclose his plans for the immediate future. He did not indicate when the battle of Santiago may occur, but a general engagement is not expected for two or three days, and probably not so soon even as that.

CAMERA'S FLEET DIVIDED.

Part of It Reported on Its Way to Porto Rico.

London, June 28.—The Star last evening printed a story from a foreign correspondent to the effect that a part of Admiral Camara's fleet left him off Algouera, near Gibraltar, and is now on its way to Porto Rico "to join the squadron of torpedo-boats which Captain Villamil has had concealed near there for three weeks past."

The correspondent adds: "This fleet will attack Admiral Sampson in the rear while Admiral Cervera attempts a sortie simultaneously with the commencement of the land battle. Thus Admiral Sampson will be too pre-occupied to help General Shafter."

Tendering Hobson Thanks.

Washington, July 29.—Representative Hilborn of California, a member of the house naval affairs committee, yesterday introduced a joint resolution tendering the thanks of congress to Assistant Naval Constructor Richmond P. Hobson, and to the volunteer crew of the Merrimac and authorizing Hobson's transfer from the construction corps to the line of the navy. Simultaneously with this resolution Mr. Hilborn also introduced the senate joint resolution recognizing the gallantry of Frank H. Newcomb and Captain Daniel B. Hodgson.

Arrested as a Spy.

New York, June 28.—Jesus Acevedo, a Porto Rican, who arrived here on the steamer Pretoria from St. Thomas, was arrested yesterday on suspicion of being a Spanish spy. The information leading to his arrest was furnished to the secret service officers by United States Consul Van Horn at St. Thomas.

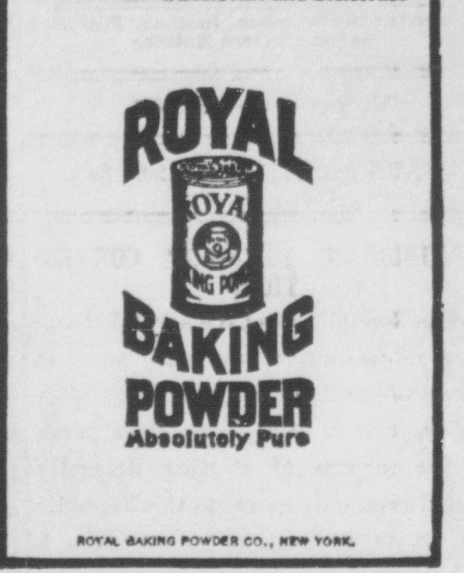

Don't Like Lee.

Havana, June 29.—El Diario de La Marina commenting on the report from the United States that Major General Fitzhugh Lee will attack Havana at the head of 40,000 soldiers, says: "For what then comes this perverter of supplies sent for reconnoitering and this presumable author of the explosion of the Maine."

Cerro Gordo Williams.

Mount Sterling, Ky., June 29.—There has been no change for the better in the condition of ex-United States Senator Cerro Gordo Williams' condition. It is not thought that he can survive long.

DEWEY'S WARNING.

Germans Told It Would Be Well to Keep Out of American Line of Fire.

London, June 29.—A dispatch to the Daily Telegraph from Manila says: "The report that Germany will not permit a bombardment is exciting deep irritation in the American fleet. Admiral Dewey intends to demand a capitulation the instant reinforcements arrive. He told Prince Henry of Prussia that he would be glad to see the German officers at Manila, but it would be well to caution them to keep out of the American line of fire. It remains to be seen whether Germany has given such promises as are pretended."

General Shafter Reports Progress of the Invasion to the War Department, But Does Not Indicate When a Battle Will Occur—General Merritt Sails From San Francisco for the Philippines—Number of Troops Under Orders at Chickamauga Increased From Fifteen to Twenty-Seven Regiments—Bill to Tender Thanks of Congress to Hobson—Spain Has Not Purchased the O'Higgins.

Juana, June 27, via Kingston, Jamaica, June 29.—The American front has been advanced beyond the first crossing of the Rio Guama about a mile, and lies three and a half miles from the Spanish entrenchments.

General Lawton's brigade rests on the road to Santiago de Cuba. The Third brigade, under General Chaffee—the Seventeenth, Twelfth and Seventh regiments—holds the trench, with his command lying across the road and river.

The First brigade—the Eighth, Twenty-second and Second Massachusetts—under General Evan Clarke, lies on the left flank, slightly in the rear, and the Second brigade—the First, Fourth and Twenty-fifth—occupies the opposite position on the right flank.

General Wheeler, with the cavalry, is in the rear, between Sevilla hills and the Rio Guama. A strong line of outposts is maintained ahead.

General Lawton, General Chaffee and General Wheeler have thoroughly reconnoitered the Spanish position and, with the aid of information furnished by the Cubans, have very good maps of the roads and defenses of the city.

Much information has also been obtained from Spanish pacificos, who have slipped out of the city and given themselves up in the hope of getting food. They report great starvation and distress in Santiago. They say the Spanish troops are on short rations and that all the supplies are being held for their use.

The sick in the hospitals, the pacificos say, are suffering from lack of food, and they also report that 77 Spaniards were killed and that 89 were wounded as the result of the engagement on Friday last with Colonels Wood's and Young's commands.

The most startling information obtained from the pacificos is that since

No man has a right to marry a woman and make her his nurse during long years of continued ill-health. A sick man cannot be a good husband, a good provider, a successful business man or a useful citizen; a man had better be dead and done with it than to be a life-long invalid, a nuisance to everybody and especially to the woman whom he has vowed to love, honor and protect. The trouble with the average man is that he has not the least conception of the causes of ill-health or the right way to go about remedying them. A little indigestion or biliousness may be no serious complaint, but if neglected they may develop into almost any disease in the medical books. Dr. Pierce's Golden Medical Discovery cures many serious diseases by promptly removing the causes. It braces up the weak and impaired stomach and restores the appetite. It invigorates the liver and all the secretory glands. It facilitates the flow of digestive juices. It makes the assimilation of the life-giving elements of the food absolutely perfect, and thus enriches the blood. Disease germs are scavengers, and will not enter healthy blood or tissue. They must have the inert tissues of disease upon which to feed. The "Golden Medical Discovery," by enriching the blood, tears down old and inert tissues and builds up new and healthy ones. It wards off consumption and cures, bronchial and throat affections which, if neglected, lead up to consumption. All medicine dealers sell the "Discovery."

"Eight years ago my husband coughed all the time," writes Mrs. M. J. Teider, of Burlington, Reynolds Co., Mo. "Just as soon as he had finished a meal he would throw up. He was getting very weak. He took half a dozen bottles of Dr. Pierce's Golden Medical Discovery and the 'Pleasant Pellets,' and says he feels better and stronger than ever before and weighs more. Everyone said he had consumption."

the advance began almost 20,000 Spanish soldiers have arrived at Santiago de Cuba. This statement is made on the authority of General Lawton and he is also of the opinion that General Pando may be able to effect a junction with General Linarez at Santiago de Cuba.

There are two forts of considerable importance within the Spanish lines, Punta Blanco at the southern end of the bay and Santa Ursula at the southeast corner.

On the road to Caney on the north is another fort. There are about 450 men in each of these fortifications and stretching around the whole city are nine barbed wire fences, 50 yards apart, while just inside these are lines of rifle pits.

General Wheeler, who made a reconnaissance for half a mile beyond the skirmish lines yesterday morning, finding that he was unable to secure the desired view through the luxuriant tropical foliage, dismounted and climbed a tree. A major general of the United States army in the forks of a tree surveying the Spanish outposts through his field glasses was a spectacle that gave some idea of the wonderful energy of the dashing ex-confederate cavalry leader.

This feat of agility in a man 62 years of age put to blush many a younger officer of his own staff.

In a Slovenly Condition.
London, June 29.—A dispatch to the Daily Chronicle from Port Said says: Admiral Camara's squadron is in a most slovenly condition. The bottoms of most of his ships are foul and the repairing of the machinery of the torpedo boat destroyer Audaz would take at least a week.

He Reports Progress of the Invasion to the War Department.
Washington, June 29.—The first dispatch within two days came to the war department from General Shafter, last night, but the news was regarded as so good that there was no disposition to complain. It disclosed very satisfactory progress on the part of General Shafter towards the town of Santiago. Apparently he has gained all this ground, and has come within three miles of Santiago without suffering any losses since the bloody skirmish of Friday last. Altogether the performance is regarded as gratifying by department officials here.

The American army is now at the fork in the road, one branch of which leads to Santiago and the other to Morro Castle at the entrance to the harbor. General Shafter is thus free to move in either direction according to the demands of the campaign. With the 1,300 men who reinforced him on the Yale, and the additional brigade that will reach him by today, it may be possible to make even more rapid progress in the advance upon Santiago as these men can be relied upon to relieve the main body of troops from the necessity of keeping open the line of communications between Shafter and his base at Baiquiri.

Meanwhile further reinforcements are being prepared and despatched as rapidly as the best energies of the department can direct, and it is believed that several thousand men sailed from Tampa yesterday directly for Santiago.

The department has had in mind the difficulties of the campaign that are just developing to the public eye, such as the use for the first time in civilized warfare of barbed wire fencing as a means of defense, and acting upon the advice of some of our army officers, who were in Cuba while the fighting was confined to the Spaniards and the insurgents, a certain number of men in each regiment have been provided with wire cutters and charged with the duty of cutting down these fences, so as to permit the advance of the troops. It probably will be necessary to shell out the force defending these wire chevaux de frise before they can be cut, unless the men in charge of that duty are to be unduly exposed to danger. This will involve a larger use of field artillery than would be required in ordinary warfare. The officials here have been forehanded as to these details, and, in fact, have provided for the use of barbed wire by our own forces, having sent about 150 tons of this wire with General Shafter's expedition.

The lines are being tightened around Cuba and it will soon be impossible for even small quantities of food or war supplies to reach the Spaniards there. The proclamation issued yesterday extending the blockade to the south coast and to San Juan, it is believed will accomplish this result. On the south coast the Isle of Pines will be cut off as a transfer depot for cattle and food supplies coming from Jamaica and Central America. By closing San Juan harbor the Spaniards will lose the last chance of smuggling war supplies to Cuba and the future operations of the army and navy looking to the occupation of the island of Porto Rico will be materially advanced by the establishment of a successful blockade.

There was no further word from the Cadiz fleet yesterday that is still known to be lying at Port Said under pretext of repairing one of the torpedo boat destroyers. The delay on the part of the Spanish fleet has not stopped the preparations for the sending of the eastern squadron under Commodore Watson to the Spanish shores.

The commodore is hastening with all speed southward on the Newark to join and confer with Sampson off Santiago.

GENERAL MERRITT.
Governor of the Philippines Sails On the Newport.
San Francisco, June 29.—Major General Merritt abandoned his headquarters at the Phelan building, and yesterday formally turned over the office

to Major General Otis. General Merritt notified his staff officers that they must have all their baggage aboard the steamer Newport last night, and clerks and messengers attached to the various officers of the department were ordered to be aboard the steamer last night.

General Merritt went on board the Newport this morning, and soon after the vessel was steaming out to sea.

It was intimated at headquarters that General Merritt's plan is not to wait for transports, which can only average 10 knots an hour, but to hurry into Honolulu, get on coal and proceed on to Manila as soon as possible.

With the advantage of a faster boat he will probably reach Manila a week in advance of the third expedition. The Newport can easily make 18 knots an hour.

Six Gatling guns mounted on carriages have been fixed on the upper deck of the Newport and the guns of the Astor battery and the Third U. S. artillery are close at hand.

The Astor battery and the Third regiment marched on board yesterday. They were accorded an enthusiastic ovation as they marched through the city's streets on the way to the water front.

Should Not Be Allowed to Coal.
London, June 29.—The Daily Chronicle protests in the strongest manner against permitting Admiral Camara to coal at Port Said for any purpose but to return to Barcelona. It says: "It is impossible to do otherwise after refusing to allow Admiral Dewey to coal at Hong Kong."

The O'Higgins.
Washington, June 29.—The O'Higgins has not been sold to Spain and positive information has reached here that Chili will not sell the ship to any government.

STAMP TAX.
Collectors May Give Relief in Certain Cases.

Washington, June 29.—In response to numerous inquiries from collectors of internal revenue as to their duties in case of the non-arrival by July 1 of a supply of stamps, the commissioner has issued a general circular calling attention to the provision in the law contained in section 13 of the act, which seems to meet the situation. The language "where no collection district is established" is construed to be the same as if it read "where no stamp agency was established," and when for that reason it was impossible to procure the stamps, and where the failure to affix them was not due to any willful design to defraud the United States, the taxpayer may be relieved by the collector from payment of the penalty.

It is insisted that business shall stop, but that legitimate business shall be transacted and the stamps required on goods or instruments of writing disposed of under such circumstances may be affixed by any one holding or interested in the goods. In cases of consumption, the retail dealer is required to make a sworn return of the facts to the collector who shall assess and collect the tax due. Taxpayers, however, are admonished that this urgency regulation does not in any way excuse them from the duties imposed upon them by the statute with reference to procuring stamps for all instruments and things required to be stamped under schedules A and B of the new act, and neglect to perform any of the requirements thereof, except for unavoidable reasons will subject the taxpayer to the penalties provided therein, and they will be strictly enforced.

Rebels Cruising Manila Bay.

Madrid, June 29.—The government has received the following despatch from Captain General Augusti, dated from Manila on June 28: "The situation is still very grave. I continue to maintain my position inside the line of blockhouses, but the enemy is increasing in numbers, as the rebels occupy the provinces which are surrendering. Torrential rains are inundating the intrenchments, rendering the work of defence difficult. The number of sick among the troops is increasing and makes the situation very distressing, causing increased desertion of the native soldiers."

"It is estimated that the insurgents number 30,000 armed with rifles and 100,000 armed with swords etc."

"Aguinaldo has summoned me to surrender, but I have treated his proposals with disdain, for I am resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity. I have over 1,000 sick and 200 wounded."

"The citadel has been invaded by the suburban inhabitants who have abandoned their homes owing to the barbarity of the rebels. These inhabitants constitute an embarrassment, aggravating the situation in view of the bombardment, which, however, is not seriously apprehended for the moment."

"The governor of the Visayas and Mindanao islands cables that he has defeated the insurgents in an engagement during which Chief Arco, Aguinaldo's representative, was killed. He adds that tranquility now prevails throughout these islands, and he further asserts that the principal Malay chiefs of the Mindanao group declare they desire to fight on the side of the Spaniards against the invaders."

According to other advices the emissaries sent out to seek General Monet's column of 1,000 men returned after a fruitless search.

Captain General Augusti's family is still in the hands of the insurgents.

General Pena, with 1,000 soldiers, has surrendered. His soldiers, most of whom are natives, joined the insurgents. A majority of the detachments in the island of Luzon have surrendered owing to their lack of food, though some succeeded in escaping. Numerous Spaniards, including the governors of Batanga, Laguna and Balacan, have taken refuge at Cavite.

The rebels, who are besieging Manila, exceed 25,000 men. The city is completely isolated and the arrival of the Spanish squadron is anxiously awaited, for the position at Manila is untenable. Small rebel crafts navigate the bay, conveying prisoners to Cavite.

LOCAL OPTION LAW.

To Be Enforced by Vigilants at Somerset, Ky.

Somerset, Ky., June 29.—Somerset and Pulaski counties have had local option law for nearly one year, during which time the whisky men have been able to run blind tigers and sell whisky unlawfully. The recent killing of Jailer A. J. Catron at a blind tiger in Somerset has aroused the citizens of this city, and an indignation meeting has been held and a committee was selected, designated as the vigilance committee, the purpose of which is to close up the blind tigers of this county and to rebuke the lawless element, which has had too much latitude here for some time.

Western Writers' Convention.
Warsaw, Ind., June 29.—The 13th annual convention of Western Writers is in session here. The attendance is small, but the programme is as good as that of former conventions. At yesterday's session Miss Minetta Taylor of Greencastle, read two original poems, one written in the Spanish language, Miss Julia Caroline Onara read a paper on "The Evolution of the Modern French Novel," and Miss Caroline Parke recited a poem.

Professor Burr Dead.
Munich, Bavaria, June 29.—George Burr, formerly professor of osteology at Chicago University, is dead.

CAMP THOMAS.

Number of Regiments Under Orders Increased From Fifteen to Twenty-Seven.

Chickamauga National Military Park, Ga., June 29.—The order issued to immediately equip and prepare 15 regiments of the First corps to form an expeditionary force was revoked by Major General Brooke yesterday. This does not change the plan to prepare for an expedition, however, since the revoking order provides that instead of 15 regiments the entire First corps of 27 regiments is to be hastily prepared for active field service and the natural invasion prevails among the best posted army officers at the park that the entire force will be off for Tampa or other resorts within a week or 10 days or as rapidly as the transports can be provided.

The regiments included are: Ninth Pennsylvania, Second Missouri, First New Hampshire, Twelfth New York, Twenty-first Kansas, Eighth Massachusetts, First South Carolina, Twelfth Minnesota, Fifth Pennsylvania, Fourteenth Minnesota, First Pennsylvania, Second Ohio, Sixth Ohio, One Hundred and Fifty-eighth Indiana, First West Virginia, One Hundred and Sixtieth Indiana, First Georgia, Thirty-first Michigan, Sixteenth Pennsylvania, Second Wisconsin, Third Kentucky, Fourth Pennsylvania, Third Illinois, Fourth Ohio, First Kentucky, Third Wisconsin and Fifth Illinois.

Major General Brooke was appointed by the president to command the corps. Major General Wade will be left in command at Camp Thomas.

The work of equipping the corps is proceeding with all possible speed and the quartermasters and the ordnance departments are being taxed to their utmost capacity. The First Kentucky, One Hundred and Sixtieth Indiana, First and Second Arkansas regiments have received their full number of guns.

It is more than likely that the regiments under orders will be paid before leaving here. Privates will be paid at the rate of \$15.00 per month and officers from \$18 to \$291.57 per month. Major Becker, paymaster, roughly estimates the amount at \$2,000,000.

HEARS FROM SHAFER.

Nothing in His Dispatch to Indicate When Santiago Will Be Attacked.

Washington, July 29.—Adjutant General Corbin last night received from Major General Shafter of the Cuban army of invasion a cablegram containing the official list of the Americans killed in the battle of La Quasina. The list in no material respect differs from that given in the press dispatches the day after the fight. General Shafter's dispatch says the number of troops engaged was 964.

There was a pathetic coincidence in connection with the receipt of General Shafter's message. Within a few minutes after it came a telegram was received from Ernest Krupp, of New York City, which read: "Please inform us if Otto Krupp was killed at La Quasina, Cuba." His was the first name in General Shafter's list.

General Shafter's dispatch, so far as could be ascertained, did disclose his plans for the immediate future. He did not indicate when the battle of Santiago may occur, but a general engagement is not expected for two or three days, and probably not so soon even as that.

CAMERA'S FLEET DIVIDED.

Part of It Reported on Its Way to Porto Rico.

London, June 28.—The Star last evening printed a story from a foreign correspondent to the effect that a part of Admiral Camara's fleet left him off Algiers, near Gibraltar, and is now on its way to Porto Rico "to join the squadron of torpedo boats which Captain Villamil has had concealed near there for three weeks past."

The correspondent adds: "This fleet will attack Admiral Sampson in the rear while Admiral Cervera attempts a sortie simultaneously with the commencement of the land battle. Thus Admiral Sampson will be too preoccupied to help General Shafter."

Tendering Hobson Thanks.

Washington, July 29.—Representative Hilborn of California, a member of the house naval affairs committee, yesterday introduced a joint resolution tendering the thanks of congress to Assistant Naval Constructor Richmond P. Hobson, and to the volunteer crew of the Merrimac and authorizing Hilborn's transfer from the construction corps to the line of the navy. Simultaneously with this resolution Mr. Hilborn also introduced the senate joint resolution recognizing the gallantry of Frank H. Newcomb and Captain Daniel B. Hodgson.

Arrested as a Spy.

New York, June 28.—Jesus Acevedo, a Porto Rican, who arrived here on the steamer Pretoria from St. Thomas, was arrested yesterday on suspicion of being a Spanish spy. The information leading to his arrest was furnished to the secret service officers by United States Consul Van Horn at St. Thomas.

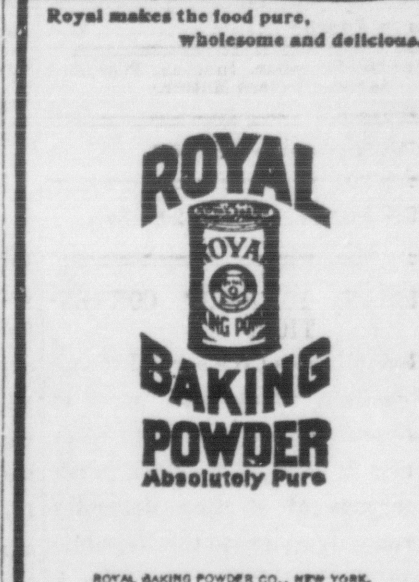

Don't Like Lee.

Havana, June 29.—El Diario de La Marina commenting on the report from the United States that Major General Fitzhugh Lee will attack Havana at the head of 40,000 soldiers, says: "For what then comes this porvenir of supplies sent for reconcentrados and this presumable author of the explosion of the Maine."

Cerro Gordo Williams.

Mount Sterling, Ky., June 29.—There has been no change for the better in the condition of ex-United States Senator Cerro Gordo Williams' condition. It is not thought that he can survive long.

Township Convention.

In accordance with the call issued by the county chairman the republicans of Jackson and Washington townships will meet in mass convention at the Seymour city building, Saturday afternoon July 2, at 2 o'clock for the purpose of selecting five delegates and five alternate delegates to the republican state convention August 3 and 4.

W. E. KIMMEL,
Chairman Jackson township Com.

OREGON has been rather hard on the off-year argument with which the democrats expected to make so much capital this year. The drift as shown in that state election was decidedly strong, but it was in the opposite direction from what the advocates of free silver had hoped for.

VERMONT republicans in their state convention declare themselves in favor of the Dewey style of fighting and they are opposed to giving up any of the territory that we may obtain from Spain during the war. The green mountain state never fails to recognize and support the achievements of her sons.

BEFORE the war began, the Spaniards were going to overcome the Americans quite easily because this country was deficient in skill both in navy and army. After the war the Spaniards will explain to their long deceived people that they were defeated because of the superior skill and efficiency of both the American army and navy. Time and experience bring their lessons to all.

PRESIDENT PARSONS, of the State Normal school, in his baccalaureate address sounded the key note for all state schools and that is "higher taxation and more money" to build up and support these state institutions. And the state university and all other state schools will join in the chorus and the song before the next legislature will be "more taxes for the support of the state schools." There has been a great deal of talk about corporations and trusts and "the school book octopus" etc., but it is high time the people were giving some attention to this state school octopus that is gradually fastening its tentacles on the taxable property of the state and will by and by suck the life blood out of the property owners unless it is scotched before it gets too strong a hold.—Columbus Republican.

With veteran leaders of the civil war in command of the American forces in front of Santiago, Linares may expect to have the weak points in his line struck with vigor and frequency.

The Vesuvius continues throw three gun cotton shells each night at the Santiago forts and she is steadily growing in favor of the navy officials. The Spaniards accuse her of throwing young earthquakes at the forts with her gun cotton shells. The moral effect of having such a vessel in the navy is tremendous.

The successful trip of the Yale single hulled with 1,600 troops aboard and the rapidity with which she landed them on Cuban soil, has won for the fast war ship another laurel. She took one tenth of the troops now before Santiago and landed them at their destination in one-fifth the time required for the transports heavily conveyed by the best ships of the navy. These swift auxiliary cruisers are armed so that they can defend themselves or if too strongly pressed can easily outdistance any enemy. Their swiftness combined with their size make them invaluable aids to the navy.

THE rapidity with which the subscriptions to the \$200,000,000 loans are pouring in shows that a good deal of idle money is in the hands of the masses of the people, and that a far larger loan and at a lower rate of interest than 3 per cent could be floated. The loan is highly popular, even in the technical sense, and the holders of small sums of money are availing themselves of the opportunity to get a good security at a rate of interest which is nearly as high as the savings banks offer, but which is, of course, a safer investment than a deposit in any sort of a bank would be. The financial demands of the government throughout the war, no matter how heavy they may chance to be, can probably be met all at home.—Globe-Democrat.

BUSINESS NOTES.

H. T. Fields is in the city from Bedford on business.

Bert Cox, of Indianapolis, came here today on business.

D. H. Tatout is in the city from Indianapolis on business.

Fred Hackman Tuesday sold 1,000 bushels of corn to J. H. Hodapp.

Judge Applewhite, of the county seat came up to the city Tuesday on special business.

Hershel Wier, of Crothersville, went last evening to Michigan to take charge of a creamery.

Peter Siener, who has been in the city on business returned last evening to North Vernon.

Cyrus McCurdy, of Piqua, O., after an extended business call here returned home last night.

W. E. Thomas, of Aurora, and Albert Luedtke, of Ft. Ritner, came to the city today on business.

E. L. Ray, of Ironton, O., who has been here on business with S. V. Harding, returned home last night.

The Standard Harness Factory is running regularly and they are shipping goods to all parts of the country.

READY TO GIVE UP.

H. H. COLLIS THOUGHT HE WOULD HAVE TO STOP WORK.

He Writes a Letter in Which He Gives Advice to People Who are Suffering From Kidney Troubles.

The way in which kidney diseases are increasing in the number of cases year by year would be extremely startling were it not for the fact that at the time when, wrong living and multiplied cases, scientific inquiry has discovered the natural remedy for all disorders of the kidneys.

While working on new lines, with new ingredients, John Morrow, the noted American chemist, discovered Morrow's Kidneys, and they are rapidly becoming the standard remedy. They check kidney disorders as soon as the evil appears, and they cure the most obstinate cases of long standing where many physicians have failed.

Out of hundreds of letters from grateful users of Morrow's Kidneys, this one from H. H. Collis, is typical. Mr. Collis is a pressman with the Barrett Publishing Co., and lives at 227 South Center Street, Springfield, Ohio.

"I had such a pain in my back I could not rest at night, and could not get relief. I tried all the kidney remedies I have ever heard of, but none of them ever did me any good. My urinary organs and kidneys were in such a condition that I was ready to give up. I could not handle my plates or forms at my work. I heard of Morrow's Kidneys, and have taken two boxes, and I cannot fully express my gratitude to Mr. Morrow for this great cure. I am a new man now, and feel well and full of life and energy, and life is very dear to me. No one suffering from kidney troubles should one minute but get Morrow's Kidneys and take them as directed, and a cure is sure to follow."

Ask your dealer for Kidneys, in yellow tablet form. If he does not keep them, you can get them of the Herb Medicine Co., Springfield, O., postpaid 50 cts a box, or six boxes for \$2.50.

Concerning Pension Vouchers.

The following circular has been issued by the pension bureau:

"Recent investigation had by this bureau to ascertain the methods employed by public officials in executing pension vouchers, has demonstrated an almost total disregard of the laws and regulations governing the subject.

"It is clearly evidenced that the illegal, lax, indifferent and perfunctory procedure now existing has become a menace to the proper and safe conduct of the affairs of this Bureau, so far as it relates to the payment of pensions, and special efforts are contemplated to correct the existing abuses.

"While it is believed that many officials who assist in the execution of pension vouchers have no conception of their criminal liability in the premises, it is equally certain that many others to secure an advantage in the numerical number of their clientele, knowingly and willfully resort to violations of the law.

"To the end that the former class may profit by this notice, this circular is issued.

"There can be no justification in the prevalent haste and laxity existing in many offices, by which post-dating, false certification, false claim and 'stock' witnesses have become a factor in the administration and acknowledgment of pension vouchers.

It is the intention of the Bureau, where the facts warrant such action, to institute criminal proceedings against the parties who indulge in these illegal and irregular practices and they are warned accordingly.

"By following strictly the instructions printed on each voucher, the matters complained of may be entirely remedied. Very respectfully

Military Courage.

The question of the comparative proportion of really brave men in any army will probably never be determined. Great officers on the continent keep their knowledge on that subject rigorously as a professional secret and assume as a certainty that all soldiers are brave. They know very well, however, that they are not, and when confidentially did in public, that with a great number it takes discipline, and severe discipline, too, to induce them to face shells unshrinkingly. American officers have been known to acknowledge that of their men, who are as brave as any in the world, 20 per cent would run away if they could, and in every army, even ours, which a man enters only of free will, there is a certain proportion who literally cannot overcome their fears. They are stricken with a sort of paralysis. The proportion is probably not high in any army, the majority, if in health, being able to do their duty and having intense motives to do it, but neither is the proportion high of those who literally feel no fear.—London Spectator.

A Cyclists' Paradise.

Cyclists in rural France are well catered for in delightful little contrived cafes, with open air tables often set in an arbor of evergreens. A franc and a half or two will get you a perfection of an omelet, a plate of stewed wild rabbit, soft cheese, wine and black coffee, and for an extra 4 sous or so the waitress, if the wheelman is ungallant enough to let her do it, will inflate his tires, the merest "marchand de vins" being nowadays the proud possessor of a standard pump.—Caterer.

Warships were originally distinguished from merchantmen by their greater size. Now this distinction does not obtain, and the war vessel is of a totally different construction.

Latinized English.

There was a period in the history of English literature, says Professor Mark H. Liddell in The Atlantic, when the ideal of a perfect sentence was one in which English thought was so run into a classic mold as to make the English reader stand on his head to see the meaning of it. That was because the obvious fact in most Latin sentences was a periodic structure. It was an easy road to beautiful expression to assume this perfection for English sentences and make them conform to it. Men shut their eyes to a multiplicity of form in English writing which they did not understand and chose out of a foreign tongue a single form which they did. In the same way a false type of beauty has often been set up in high places where men should look for a real one.

INDIANA FOLKS HONORED.

They Have the Best Line Selected as their Official Route.

Indiana folks who attend the Seventeenth International Christian Endeavor convention at Nashville, Tenn., or the National Educational Association Meeting at Washington, D. C., next month will be interested in the announcement that the Pennsylvania Lines have been selected as the official route for both events.

Dr. F. C. Heath, master of transportation Indiana Union Christian Endeavor, Indianapolis, has just issued his official circular naming the Pennsylvania route through Indianapolis and Louisville as the official one for the International Convention at Nashville. The official train will leave Indianapolis over this route at 11 o'clock a. m., July 5th, and go through to Nashville without change, arriving there at 7 p. m. same day. The hour of departure from Indianapolis, 11 a. m. July 5th, is a convenient one for all Endeavorers and friends to rendezvous at the state capital. Excursion tickets will also be sold for all regular trains over the Pennsylvania Lines July 2d to 5th, inclusive, good returning until July 15th, with privilege to extend return limit until August 1st. Stop-over privileges will be granted to enable excursionists to visit famous Mammoth Cave. There will also be special side trips and excursions from Nashville to Chickamauga National Military Park at Chattanooga arranged for their pleasure. Dr. Heath cordially invites all persons who may desire to make a most delightful trip to place themselves in correspondence with him or district passenger agent W. W. Richardson, of the Pennsylvania Lines, Indianapolis.

For the trip to the National Educational Association Meeting at Washington the state committee consisting of Messrs. W. R. Snyder, Muncie, D. M. Geeting, Indianapolis, and C. F. Patterson, Edinburg, announce in an official circular that the Pennsylvania will be the official route. Low rate tickets will be sold July 3d, 4th, 5th and 6th, with ample return limit. Trains run to the national capital without change from northern, central and southern Indiana, and excursionists may take through trains at stations on the Pennsylvania Lines and make the trip without changing cars, passing through the enchanting panorama of mountain, valley and river scenery formed by the romantic Alleghenies, Horse Shoe Curve, the Ohio, Blue-Johnia, Susquehanna and Potomac Rivers. Special side trips to Gettysburg Battlefield, to Camp Alger, Fairfax Court House, Va., where the 19th Indiana Regiment of Volunteers is encamped, to Norfolk, Old Point Comfort and to summer havens by the sea are being planned; also an ocean trip to Boston under the guidance of Professor Patterson, of Edinburg. Particular information regarding rates to Washington and other details will be cheerfully furnished by members of the committee, and by W. W. Richardson, D. P. Agt., Indianapolis.

Township Convention.

In accordance with the call issued by the county chairman the republicans of Jackson and Washington townships will meet in mass convention at the Seymour city building, Saturday afternoon July 2, at 2 o'clock for the purpose of selecting five delegates and five alternate delegates to the republican state convention August 3 and 4.

W. E. KIMMEL, Chairman Jackson township Com.

OREGON has been rather hard on the off-year argument with which the democrats expected to make so much capital this year. The drift as shown in that state election was decidedly strong, but it was in the opposite direction from what the advocates of free silver had hoped for.

VERMONT republicans in their state convention declare themselves in favor of the Dewey style of fighting and they are opposed to giving up any of the territory that we may obtain from Spain during the war. The green mountain state never fails to recognize and support the achievements of her sons.

BEFORE the war began, the Spaniards were going to overcome the Americans quite easily because this country was deficient in skill both in navy and army. After the war the Spaniards will explain to their long deceived people that they were defeated because of the superior skill and efficiency of both the American army and navy. Time and experience bring their lessons to all.

PRESIDENT PARSONS, of the State Normal school, in his baccalaureate address sounded the key note for all state schools and that is "higher taxation and more money" to build up and support these state institutions. And the state university and all other state schools will join in the chorus and the song before the next legislature will be "more taxes for the support of the state schools." There has been a great deal of talk about corporations and trusts and "the school book octopus" etc., but it is high time the people were giving some attention to this state school octopus that is gradually fastening its tentacles on the taxable property of the state and will by and by suck the life blood out of the property owners unless it is scotched before it gets too strong a hold.—Columbus Republican.

With veteran leaders of the civil war in command of the American forces in front of Santiago, Linares may expect to have the weak points in his line struck with vigor and frequency.

The Vesuvius continues throw three gun cotton shells each night at the Santiago forts and she is steadily growing in favor with the navy officials. The Spaniards accuse her of throwing young earthquakes at the forts with her gun cotton shells. The moral effect of having such a vessel in the navy is tremendous.

The successful trip of the Yale single hauled with 1,600 troops aboard and the rapidity with which she landed them on Cuban soil, has won for the fast war ship another laurel. She took one tenth of the troops now before Santiago and landed them at their destination in one-fifth the time required for the transports heavily conveyed by the best ships of the navy. These swift auxiliary cruisers are armed so that they can defend themselves or if too strongly pressed can easily outdistance any enemy. Their swiftness combined with their size make them invaluable aids to the navy.

The rapidity with which the subscriptions to the \$200,000,000 loans are pouring in shows that a good deal of idle money is in the hands of the masses of the people, and that a far larger loan and at a lower rate of interest than 3 per cent could be floated. The loan is highly popular, even in the technical sense, and the holders of small sums of money are availing themselves of the opportunity to get a good security at a rate of interest which is nearly as high as the savings banks offer, but which is, of course, a safer investment than a deposit in any sort of a bank would be. The financial demands of the government throughout the war, no matter how heavy they may chance to be, can probably be all met at home.—Globe-Democrat.

Military Courage.

The question of the comparative proportion of really brave men in any army will probably never be determined. Great officers on the continent keep their knowledge on that subject rigorously as a professional secret and assume as a certainty that all soldiers are brave. They know very well, however, that they are not, and when confidentially admitted, as Marshal von Moltke once did in public, that with a great number it takes discipline, and a severe discipline, too, to induce them to face shells unshrinkingly. American officers have been known to acknowledge that of their men, who are as brave as any in the world, 20 per cent would run away if they could, and in every army, even ours, which a man enters only of free will, there is a certain proportion who literally cannot overcome their fears. They are stricken with a sort of paralysis. The proportion is probably not high in any army, the majority, if in health, being able to do their duty and having intense motives to do it, but neither is the proportion high of those who literally feel no fear.—London Spectator.

A Cyclists' Paradise.

Cyclists in rural France are well catered for in delightful little country inns, with open air tables often set in an arbor of overgrown vines. A franc and a half or two will get you a perfection of an omelet, a plate of stewed wild rabbit, soft cheese, wine and black coffee, and for an extra 4 sous or so the waitress, if the wheelman is ungallant enough to let her do it, will inflate his tires, the merest "marchand de vins" being nowadays the proud possessor of a standard pump.—Caterer.

Warships were originally distinguished from merchantmen by their greater size. Now this distinction does not obtain, and the war vessel is of a totally different construction.

Latinized English.

There was a period in the history of English literature, says Professor Mark H. Liddell in The Atlantic, when the ideal of a perfect sentence was one in which English thought was so run into a classic mold as to make the English reader stand on his head to see the meaning of it. That was because the obvious fact in most Latin sentences was a periodic structure. It was an easy road to beautiful expression to assume this perfection for English sentences and make them conform to it. Men shut their eyes to a multiplicity of form in English writing which they did not understand and chose out of a foreign tongue a single form which they did. In the same way a false type of beauty has often been set up in high places where men should look for a real one.

Socialistic Extremes.

Wallace—The very idea of socialism is ridiculous. Ferry—Do you really think so? Wallace—Of course I do. Just fancy your clothes not belonging to yourself, but to the common stock. That sort of thing is all right with umbrellas and cigars, but it ought to go no further.—Cincinnati Enquirer.

Omnibuses were originally started in Paris in 1662. They died out, however, and were not revived till 1827. Two years later they were adopted in London.

To Teachers and Their Friends.

The annual meeting of the National Educational Association will be held at Washington, D. C., July 7 to 12, 1898, and it is expected the attendance will far exceed that of any previous year. Teachers all over the country are busily engaged preparing for this delightful trip, and after considering the advantages of the many different lines to the "Capital of the Nation," the majority have decided that the scenic and historic Baltimore & Ohio Southwestern and Baltimore & Ohio "Loyal Blue Line" is the official route. It offers better inducements than any other line, and gives you the privilege of returning via a different route. Before completing arrangements be sure to call on or write agents of the B. & O. S. W. Ry.

INDIANA FOLKS HONORED.

They Have the Best Line Selected as their Official Route.

Indiana folks who attend the Seventeenth International Christian Endeavor convention at Nashville, Tenn., or the National Educational Association Meeting at Washington, D. C., next month will be interested in the announcement that the Pennsylvania Lines have been selected as the official route for both events.

Dr. F. C. Heath, master of transportation Indiana Union Christian Endeavor, Indianapolis, has just issued his official circular naming the Pennsylvania route through Indianapolis and Louisville as the official one for the International Convention at Nashville. The official train will leave Indianapolis over this route at 11 o'clock a. m., July 5th, and go through to Nashville without change, arriving there at 7 p. m. same day. The hour of departure from Indianapolis, 11 a. m. July 5th, is a convenient one for all Endeavorers and friends to rendezvous at the state capital. Excursion tickets will also be sold for all regular trains over the Pennsylvania Lines July 2d to 5th, inclusive, good returning until July 15th, with privilege to extend return limit until August 1st. Stop-over privileges will be granted to enable excursionists to visit famous Mammoth Cave. There will also be special side trips and excursions from Nashville to Chickamauga National Military Park at Chattanooga arranged for their pleasure. Dr. Heath cordially invites all persons who may desire to make a most delightful trip to place themselves in correspondence with him or district passenger agent W. W. Richardson, of the Pennsylvania Lines, Indianapolis.

For the trip to the National Educational Association Meeting at Washington the state committee consisting of Messrs. W. R. Snyder, Muncie, D. M. Geeting, Indianapolis, and C. F. Patterson, Edinburg, announce in an official circular that the Pennsylvania will be the official route. Low rate tickets will be sold July 3d, 4th, 5th and 6th, with ample return limit. Trains run to the national capital without change from northern, central and southern Indiana, and excursionists may take through trains at stations on the Pennsylvania Lines and make the trip without changing cars, passing through the enchanting panorama of mountain, valley and river scenery formed by the romantic Alleghenies, Horse Shoe Curve, the Ohio, Blue Juniata, Susquehanna and Potomac Rivers. Special side trips to Gettysburg Battlefield, to Camp Alger, Fairfax Court House, Va., where the 150th Indiana Regiment of Volunteers is encamped, to Norfolk, Old Point Comfort and to summer havens by the sea are being planned; also an ocean trip to Boston under the guidance of Professor Patterson, of Edinburg. Particular information regarding rates to Washington and other details will be cheerfully furnished by members of the committee, and by W. W. Richardson, D. P. Agt., Indianapolis.

Blackberries, raspberries, currants, tomatoes, new corn, peas, peaches, F. Teckemeyer's. I was seriously afflicted with a cough or several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, Mrs. MARY A. BEARD, Claremore, Ark. For sale by C. W. Milhous.

B. G. Reception.

One of the most pleasant affairs of the season was the reception given by the Bachelor Girls last night, at the home of Miss Emma White, two miles south of the city. Throughout the whole the event was both enjoyable and beneficial.

The Bachelor Girls are up to date. They never do any thing by halves. The games indulged in were the very latest and patriotic throughout, such as would animate the minds of every one to strive to attain higher ideals, to listen to hopeful words, the substance of bright dreams of a world transformed, or to take a casual glance into the past to seek out the treasures of the ages.

That refreshments were served in super abundance is demonstrated by the fact that the craving appetites of Zona Montgomery, Earl McClure and Chas. Abel were satisfied to the utmost. Those present were Misses Adda Miller, Lenora Gasaway, Florence Greer, Emma Crabb, Amanda Baird, Libbie Greer, Joanna Newby, Emma Alwes, Elva Keith, Dode Love, Carrie Banta, Emma White, Messrs. Harry Thompson, Chas. Abel, Zona Montgomery, Dr. Graff Billings, John M. Lewis, Ed. Miller, Willard Bevins, Ed. Rinne, Chris Ahlbrand and Earl McClure.

It was near midnight when the entire party entered a hack bound for their respective homes, each wishing success, long life and prosperity to the B. G. Club.

Price of New Wheat. The immense quantity of cash wheat that has been thrown on the market by the failure of Joseph Leiter has served to cause a serious break in the prices and the probability is that new wheat will open in this market at about 60 cents. The heavy rain on Saturday has served to delay threshing and it will probably be the 4th of July before there is a free movement.

J. M. Overman, of Heber, Ark., came up to the city this morning on business. Wheat is worth sixty-one cents and corn is bringing thirty cents per bushel in this market today.

Joe Riley, of the J. M. & I. bridge force, who has been laying off has resumed his position. Henry Muster's engine 143 pulling No. 3 broke down here last night. Repairs were made by Foreman F. J. Smith, of the round house.

J. H. Blocher, agent of the B. & O. S. W. at Holman, was in the city this morning on business with the Blish Milling Co. to whom they sold a large quantity of fine new wheat.

Blackberries, raspberries, currants, tomatoes, new corn, peas, peaches, F. Teckemeyer's. I was seriously afflicted with a cough or several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, Mrs. MARY A. BEARD, Claremore, Ark. For sale by C. W. Milhous.

For the first time since the one-hundred-and-fifty-ninth landed at Camp Alger there is no desire among the men for an early move to some other point. They are willing to rest now for a few days. The regiment has just returned from that practice march, the effects of which will not leave them for many days. There were three alarms and one of them in the middle of the night. Each time the brigade was hastily gathered together and thrown out in battle formation. It is reported that extensive marches will be abandoned in the future.

The field officers' mess has assumed a very home-like appearance. Mrs. Barnett and two sons have joined Colonel Barnett, and Mrs. Stunkard is also present. Both ladies express a determination to follow the one-hundred-and-fifty-ninth, no matter where it goes.

The Indiana soldier stood the march very well, indeed, as compared with other regiments which have gone over the same route before them.

Up to the present it appears that the One-hundred-and-fifty-ninth regiment has been forgotten entirely. There are other regiments which came into Camp Alger later and in worse shape which have beaten them out in securing equipments. The Indiana members in the congress have been urged to lend a hand and endeavor to hurry up the matter.

It has leaked out at Camp Alger that Colonel Barnett, of the One-hundred-and-fifty-ninth Indiana, has reported that he had a "saw horse" erected, and caused Private E. F. Cooper, of his regiment, to ride it as a punishment. He does not offer any excuse for this other than a recital of the facts. Cooper's reputation, it is said, is not very good. General Graham, when questioned today, said that he did not think there would be a court-martial in Colonel Barnett's case, as it does not appear that he has violated the regulations. It was a question, however, he said whether or not it was an absolutely necessary and reasonable punishment.

PHILIPPINE COMPLICATIONS.

INSURGENTS MAY ASK FOR EUROPEAN RECOGNITION

Camara Still at Port Said—More Troops for the Front—Troops at Santiago Doing Well.

The situation in the Philippines threatens to become complicated. The rebels, influenced by foreign Consuls, now want complete independence. Aguinaldo may invite recognition by the Powers. This may bring about a rupture with the Americans, which Germany desire. Aguinaldo has already had interviews with the German Admiral.

Camara is not making rapid progress. His draft for the payment of canal fees has been returned. No explanation of the return is given in the reports, but the canal authorities may have preferred the cash. It is intimated that he found the coal supply short because the American Consul had bought it all up. The Admiral has already overstayed his time at Port Said.

Twenty-seven regiments—the whole of the First army corps at Chickamauga—instead of only fifteen regiments, as at first ordered, are being hastily made ready for the front.

The American troops at Santiago are not finding the climate so hostile as the Spaniards predicted. There are few cases of sickness among the men.

The general opinion in Spain is said to be that expressed by the archbishop of Barcelona, that the time has come for Spain to treat directly with the United States for peace.

B. G. Reception.

One of the most pleasant affairs of the season was the reception given by the Bachelor Girls last night, at the home of Miss Emma White, two miles south of the city. Throughout the whole the event was both enjoyable and beneficial. The Bachelor Girls are up to date. They never do anything by halves. The games indulged in were the very latest and patriotic throughout, such as would animate the minds of every one to strive to attain higher ideals, to listen to hopeful words, the substance of bright dreams of a world transformed, or to take a casual glance into the past to seek out the treasures of the ages. That refreshments were served in super abundance is demonstrated by the fact that the craving appetites of Zona Montgomery, Earl McClure and Chas. Abel were satisfied to the utmost. Those present were Misses Adda Miller, Lenora Gasaway, Florence Greer, Emma Crabb, Amanda Baird, Libbie Greer, Joanna Newby, Emma Alwes, Elva Keith, Dode Love, Carrie Banta, Emma White, Messrs. Harry Thompson, Chas. Abel, Zona Montgomery, Dr. Graft Billings, John M. Lewis, Ed. Miller, Willard Bevins, Ed. Rinne, Chris Ahlbrand and Earl McClure.

It was near midnight when the entire party entered a hack bound for their respective homes, each wishing success, long life and prosperity to the B. G. Club.

Price of New Wheat.

The immense quantity of cash wheat that has been thrown on the market by the failure of Joseph Leiter has served to cause a serious break in the prices and the probability is that new wheat will open in this market at about 60 cents. The heavy rain on Saturday has served to delay threshing and it will probably be the 4th of July before there is a free movement.

Township Convention.

In accordance with the call issued by the county chairman the republicans of Jackson and Washington townships will meet in mass convention at the Seymour city building, Saturday afternoon July 2, at 2 o'clock for the purpose of selecting five delegates and five alternate delegates to the republican state convention August 3 and 4.

W. E. KIMMEL,

Chairman Jackson township Com.

OREGON has been rather hard on the off-year argument with which the democrats expected to make so much capital this year. The drift as shown in that state election was decidedly strong, but it was in the opposite direction from what the advocates of free silver had hoped for.

VERMONT republicans in their state convention declare themselves in favor of the Dewey style of fighting and they are opposed to giving up any of the territory that we may obtain from Spain during the war. The green mountain state never fails to recognize and support the achievements of her sons.

BEFORE the war began, the Spaniards were going to overcome the Americans quite easily because this country was deficient in skill both in navy and army. After the war the Spaniards will explain to their long deceived people that they were defeated because of the superior skill and efficiency of both the American army and navy. Time and experience bring their lessons to all.

PRESIDENT PARSONS, of the State Normal school, in his baccalaureate address sounded the key note for all state schools and that is "higher taxation and more money" to build up and support these state institutions. And the state university and all other state schools will join in the chorus and the song before the next legislature will be "more taxes for the support of the state schools." There has been a great deal of talk about corporations and trusts and "the school book octopus" etc., but it is high time the people were giving some attention to this state school octopus that is gradually fastening its tentacles on the taxable property of the state and will by and by suck the life blood out of the property owners unless it is scotched before it gets too strong a hold.—Columbus Republican.

With veteran leaders of the civil war in command of the American forces in front of Santiago, Linares may expect to have the weak points in his line struck with vigor and frequency.

The Vesuvius continues throw three gun cotton shells each night at the Santiago forts and she is steadily growing in favor with the navy officials. The Spaniards accuse her of throwing young earthquakes at the forts with her gun cotton shells. The moral effect of having such a vessel in the navy is tremendous.

The successful trip of the Yale single hulled with 1,600 troops aboard and the rapidity with which she landed them on Cuban soil, has won for the fast war ship another laurel. She took one tenth of the troops now before Santiago and landed them at their destination in one-fifth the time required for the transports heavily conveyed by the best ships of the navy. These swift auxiliary cruisers are armed so that they can defend themselves or if too strongly pressed can easily outdistance any enemy. Their swiftness combined with their size make them invaluable aids to the navy.

The rapidity with which the subscriptions to the \$200,000,000 loans are pouring in shows that a good deal of idle money is in the hands of the masses of the people, and that a far larger loan and at a lower rate of interest than 3 per cent could be floated. The loan is highly popular, even in the technical sense, and the holders of small sums of money are availing themselves of the opportunity to get a good security at a rate of interest which is nearly as high as the savings banks offer, but which is, of course, a safer investment than a deposit in any sort of a bank would be. The financial demands of the government throughout the war, no matter how heavy they may chance to be, can probably be met all at home.—Globe-Democrat.

READY TO GIVE UP.

H. H. COLLIS THOUGHT HE WOULD HAVE TO STOP WORK.

He Writes a Letter in Which He Gives Advice To People Who are Suffering From Kidney Troubles.

The way in which kidney diseases are increasing in the number of cases year by year would be extremely startling were it not for the fact that at the time when wrong living had multiplied cases, scientific inquiry has discovered the natural remedy for all disorders of the kidneys.

While working on new lines, with new ingredients, John Morrow, the noted American chemist, discovered Morrow's Kidneys, and they are rapidly becoming the standard remedy. They check kidney disorders as soon as the great evil cause is removed, and they estimate cases of long standing where many physicians have failed.

Out of hundreds of letters from grateful users of Morrow Kidneys, this one from H. H. Collis is typical. Mr. Collis is a pressman with the Barrett Publishing Co., and lives at 22 South Center Street, Springfield, Ohio.

"I had such a pain in my back I could not rest at night, and could not get relief. I tried all of the kidney remedies I have ever heard of, but none of them ever did me any good. My urinary organs and kidneys were in such a condition that I was ready to give up. I could not handle my plates or forms at my work. I heard of Morrow's Kidneys, and have taken two boxes, and I cannot fully express my gratitude to Mr. Morrow for this great cure. I feel a new man now, and I am well. I am full of life and energy, and life is very dear to me. No one suffering from kidney troubles should neglect to get Morrow's Kidneys and take them as directed, and a cure is sure to follow."

Ask your dealer for Morrow's Kidneys, in yellow tablet form. If he does not keep them, you can get them of the Herb Medicine Co., Springfield, O., postpaid 50 cts. a box, or six boxes for \$2.50.

Concerning Pension Vouchers.

The following circular has been issued by the pension bureau:

"Recent investigation had by this bureau to ascertain the methods employed by public officials in executing pension vouchers, has demonstrated an almost total disregard of the laws and regulations governing the subject.

"It is clearly evidenced that the illegal, lax, indifferent and perfunctory procedure now existing has become a menace to the proper and safe conduct of the affairs of this Bureau, so far as it relates to the payment of pensions, and special efforts are contemplated to correct the existing abuses.

"While it is believed that many officials who assist in the execution of pension vouchers have no conception of their criminal liability in the premises, it is equally certain that many others to secure an advantage in the numerical number of their clientele, knowingly and willfully resort to violations of the law.

"To the end that the former class may profit by this notice, this circular is issued.

"There can be no justification in the prevalent haste and laxity existing in many offices, by which post-dating, false certification, false claim and 'stock' witnesses have become a factor in the administration and acknowledgment of pension vouchers.

It is the intention of the Bureau, where the facts warrant such action, to institute criminal proceedings against the parties who indulge in these illegal and irregular practices and they are warned accordingly.

"By following strictly the instructions printed on each voucher, the matters complained of may be entirely remedied. Very respectfully,

H. CLAY EVANS,

Commissioner.

NEW DRIFTWOOD.

Mrs. Henry Holserman is on the sick list.

Mrs. Frank Moore is very sick with a complication of diseases.

Miss Ida Combs who has been sick for some time is improving.

Several from this community attended the show at Seymour Thursday.

Misses Carrie and Katie Wagner and brother Frank and Frank Fill were visitors in C. B. Reynolds' family Sunday.

Mrs. Maggie Ruddick and children have returned home after several weeks' visit with friends and relatives at Seymour.

A party was given at Harry Ruddick's Thursday night in honor of his sister-in-law, Miss Janey Haley. A good time was reported.

The infant daughter of John Ruddick died Sunday June 25, of cholera infantum, aged seven weeks. The family have the sympathy of the entire community.

A large lot of fine white oak timber came here last evening from the west for the Band Saw works.

BEFORE the war began, the Spaniards were going to overcome the Americans quite easily because this country was deficient in skill both in navy and army. After the war the Spaniards will explain to their long deceived people that they were defeated because of the superior skill and efficiency of both the American army and navy. Time and experience bring their lessons to all.

PRESIDENT PARSONS, of the State Normal school, in his baccalaureate address sounded the key note for all state schools and that is "higher taxation and more money" to build up and support these state institutions. And the state university and all other state schools will join in the chorus and the song before the next legislature will be "more taxes for the support of the state schools." There has been a great deal of talk about corporations and trusts and "the school book octopus" etc., but it is high time the people were giving some attention to this state school octopus that is gradually fastening its tentacles on the taxable property of the state and will by and by suck the life blood out of the property owners unless it is scotched before it gets too strong a hold.—Columbus Republican.

VERMONT republicans in their state convention declare themselves in favor of the Dewey style of fighting and they are opposed to giving up any of the territory that we may obtain from Spain during the war. The green mountain state never fails to recognize and support the achievements of her sons.

Military Courage.

The question of the comparative proportion of really brave men in any army will probably never be determined. Great officers on the continent keep their knowledge on that subject rigorously as a professional secret and assume as a certainty that all soldiers are brave. They know very well, however, that they are not, and when confidentially they admit, as Marshal von Moltke once did in public, that with a great number it takes discipline, and severe discipline, too, to induce them to face shells unshrinkingly. American officers have been known to acknowledge that of their men, who are as brave as any in the world, 20 per cent would run away if they could, and in every army, even ours, which a man enters only of free will, there is a certain proportion who literally cannot overcome their fears. They are stricken with a sort of paralysis. The proportion is probably not high in any army, the majority, if in health, being able to do their duty and having intense motives to do it, but neither is the proportion high of those who literally feel no fear.—London Spectator.

A Cyclists' Paradise.

Cyclists in rural France are well catered for in delightful little country cafes, with open air tables often set in an arbor of evergreens. A franc and a half or two will get you a perfection of an omelet, a plate of stewed wild rabbit, soft cheese, wine and black coffee, and for an extra 4 sous or so the waitress, if the wheelman is ungallant enough to let her do it, will inflate his tires, the merest "marchand de vins" being nowadays the proud possessor of a standard pump.—Caterer.

Warships were originally distinguished from merchantmen by their greater size. Now this distinction does not obtain, and the war vessel is of a totally different construction.

Latinized English.

There was a period in the history of English literature, says Professor Mark H. Liddell in The Atlantic, when the ideal of a perfect sentence was one in which English thought was so run into a classic mold as to make the English reader stand on his head to see the meaning of it. That was because the obvious fact in most Latin sentences was a periodic structure. It was an easy road to beautiful expression to assume this perfection for English sentences and make them conform to it. Men shut their eyes to a multiplicity of form in English writing which they did not understand and chose out of a foreign tongue a single form which they did. In the same way a false type of beauty has often been set up in high places where men should look for a real one.

Socialistic Extremes.

Wallace—The very idea of socialism is ridiculous.

Ferry—Do you really think so? Wallace—Of course I do. Just fancy your clothes not belonging to yourself, but to the common stock. That sort of thing is all right with umbrellas and cigars, but it ought to go no further.—Cincinnati Enquirer.

INDIANA FOLKS HONORED.

They Have the Best Line Selected as their Official Route.

Indiana folks who attend the Seventeenth International Christian Endeavor convention at Nashville, Tenn., or the National Educational Association Meeting at Washington, D. C., next month will be interested in the announcement that the Pennsylvania Lines have been selected as the official route for both events.

Dr. F. C. Heath, master of transportation Indiana Union Christian Endeavor, Indianapolis, has just issued his official circular naming the Pennsylvania route through Indianapolis and Louisville as the official one for the International Convention at Nashville. The official train will leave Indianapolis over this route at 11 o'clock a. m., July 5th, and go through to Nashville without change, arriving there at p. m. same day. The hour of departure from Indianapolis, 11 a. m. July 5th, is a convenient one for all Endeavorers and friends to rendezvous at the state capital. Excursion tickets will also be sold for all regular trains over the Pennsylvania Lines July 2d to 5th, inclusive, good returning until July 15th, with privilege to extend return limit until August 1st. Stop-over privileges will be granted to enable excursionists to visit famous Mammoth Cave. There will also be special side trips and excursions from Nashville to Chickamauga National Military Park at Chattanooga arranged for their pleasure. Dr. Heath cordially invites all persons who may desire to make a most delightful trip to place themselves in correspondence with him or district passenger agent W. W. Richardson, of the Pennsylvania Lines, Indianapolis.

PHILIPPINE COMPLICATIONS.

INSURGENTS MAY ASK FOR EUROPEAN RECOGNITION

Samara Still at Port Said—More Troops for the Front—Troops at Santiago Doing Well.

The situation in the Philippines threatens to become complicated. The rebels, influenced by foreign Consuls, now want complete independence. Aguinaldo may invite recognition by the Powers. This may bring about a rupture with the Americans, which Germany desire. Aguinaldo has already had interviews with the German Admiral.

Samara is not making rapid progress. His draft for the payment of canal fees has been returned. No explanation of the return is given in the reports, but the canal authorities may have preferred the cash. It is intimated that he found the coal supply short because the American Consul had bought it all up. The Admiral has already overstayed his time at Port Said.

Twenty-seven regiments—the whole of the First army corps at Chickamauga—instead of only fifteen regiments, as at first ordered, are being hastily made ready for the front.

The American troops at Santiago are not finding the climate so hostile as the Spaniards predicted. There are few cases of sickness among the men.

The general opinion in Spain is said to be that expressed by the archbishop of Barcelona, that the time has come for Spain to treat directly with the United States for peace.

B. G. Reception.

One of the most pleasant affairs of the season was the reception given by the Bachelor Girls last night, at the home of Miss Emma White, two miles south of the city. Throughout the whole the event was both enjoyable and beneficial. The Bachelor Girls are up to date. They never do any thing by halves. The games indulged in were the very latest and patriotic throughout, such as would animate the minds of every one to strive to attain higher ideals, to listen to hopeful words, the substance of bright dreams of a world transformed, or to take a casual glance into the past to seek out the treasures of the age. That refreshments were served in super abundance is demonstrated by the fact that the craving appetites of Zona Montgomery, Earl McClure and Chas. Abel were satisfied to the uttermost. Those present were Misses Adda Miller, Lenora Gasaway, Florence Greer, Emma Crabb, Amanda Baird, Libbie Greer, Joanna Newby, Emma Alwes, Elva Keith, Dode Love, Carrie Banta, Emma White, Messrs. Harry Thompson, Chas. Abel, Zona Montgomery, D. Graff Billings, John M. Lewis, Ed. Miller, Willard Bevins, Ed. Rinne, Chris Ahlbrand and Earl McClure.

It was near midnight when the entire party entered a hack bound for their respective homes, each wishing success, long life and prosperity to the B. G. Club.

Price of New Wheat.

The immense quantity of cash wheat that has been thrown on the market by the failure of Joseph Leiter has served to cause a serious break in the prices and the probability is that new wheat will open in this market at about 60 cents. The heavy rain on Saturday has served to delay threshing and it will probably be the 4th of July before there is a free movement.

I was seriously afflicted with a cough or several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, MRS. MARY A. BEARD, Claremore, Ark. For sale by C. W. Milhous.

Blackberries, raspberries, currants, tomatoes, new corn, peas, peaches, P. Teckmeyer's.

I was seriously afflicted with a cough or several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I give this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully, MRS. MARY A. BEARD, Claremore, Ark. For sale by C. W. Milhous.

CAMP ALGER NEWS.

Gathered from the Republican's Exchange Table.

For the first time since the one-hundred-and-fifty-ninth landed at Camp Alger there is no desire among the men for an early move to some other point. They are willing to rest now for a few days. The regiment has just returned from that practice march, the effects of which will not leave them for many days. There were three alarms and one of them in the middle of the night. Each time the brigade was hastily gathered together and thrown out in battle formation. It is reported that extensive marches will be abandoned in the future.

The field officers' mess has assumed a very home-like appearance. Mrs. Barnett and two sons have joined Colonel Barnett, and Mrs. Stunkard is also present. Both ladies express a determination to follow the one-hundred-and-fifty-ninth, no matter where it goes.

Dr. Will Davis, acting surgeon of the one-hundred-and-fifty-ninth, inoculated himself on the wrist accidentally by scratching, and now he has two nice healthy sores.

Lieut. Wm. M. Compton, regimental quartermaster, who is fifty-four years old, turned his horse over to some sick man on the practice march and walked every step of the way, just to show how he could do it. The Indiana soldier stood the march very well, indeed, as compared with other regiments which have gone over the same route before them.

Up to the present it appears that the one-hundred-and-fifty-ninth regiment has been forgotten entirely. There are other regiments which came into Camp Alger later and in worse shape which have beaten them out in securing equipments. The Indiana members in the congress have been urged to lend a hand and endeavor to hurry up the matter.

It has leaked out at Camp Alger that Colonel Barnett, of the One-hundred-and-fifty-ninth Indiana, has reported that he had a "saw horse" erected, and caused Private E. F. Cooper, of his regiment, to ride it as a punishment. He does not offer any excuse for this other than a recital of the facts. Cooper's reputation, it is said, is not very good. General Graham, when questioned today, said that he did not think there would be a court-martial in Colonel Barnett's case, as it does not appear that he has violated the regulations. It was a question, however, he said whether or not it was an absolutely necessary and reasonable punishment.

Captain Ralph Applewhite has been in the hospital for several days.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer.
